2000 Census Population 367,500 241,460 47,140 9,640 675,560

In the 2004 Health Profiles report we include deaths for Asian American's. However, because no population estimates are prepared for this ethnic group in Bexar county we are using 2000 Census numbers as denominators. This results in very small numbers and therefore calculated rates may be misleading and unreliable. All rates are per 100,000 population and are not age adjusted.
